Prepaid Funeral Plans

A funeral plan is an easy way to arrange the funeral you want in advance. A plan allows you to specify your wishes and pay for the funeral director's services included in your plan. A plan from Golden Charter also includes an allowance towards third party costs. These are essential, non-funeral director services such as the cremation or burial fees, plus the minister or officiant's fee to perform the service.

At Farrell-McCartan funeral Services we work in partnership with Golden Charter to provide you with a safe and reliable way to plan ahead. As one of the UK's largest funeral plan providers

A plan to suit your needs

As an independently owned funeral director, we'll take the time to understand your wishes and tailor a plan to suit you.

Payment options to suit you

With a Golden Charter funeral plan, you can pay for your plan in several ways. Spread the cost or make a one-off payment – simply choose the one that's right for you. We will provide you with the information you need to make an informed decision.

As well as covering the delivery of your funeral as per the terms and conditions of your plan, your plan price includes a one-off **£285** arrangement fee, which Golden Charter retains as a contribution towards setting up your funeral plan. Your payments will be safe and secure in the Golden Charter Trust. With a Golden Charter funeral plan your payments are protected. Your money will be transferred and held in the Golden Charter Trust.

What's included in a pre-paid funeral plan?

- Our funeral director's services will be covered in your funeral plan, which means our fees will be fixed at today's prices. These services typically include:
- Professional services and making arrangements for cremation or burial
- Transportation of loved one from the place of death to our premises
- Care of the deceased and preparations for family viewing if requested
- Advice on the certification and registration of death and related documentation
- Provision of funeral vehicles
- Coffin or casket requested

Although a pre-paid funeral plan can cover all of the services above, there are some additional third-party costs to consider. These are the costs for essential, non-funeral director services required to carry out a cremation or burial which need to be paid at the time of the funeral. These costs are outside our control. Depending on the plan type chosen, a Golden Charter funeral plan can include a contribution towards some third-party costs. They may include:

- Crematorium fee
- Minister or officiant's fee
- Cemetery fee: the opening of a new or existing grave for burial or interment of cremated remains
- Purchase of grave
- Hire of church or other venue
- Order of service
- Floral tributes
- Fees for organist or soloist
- Catering, floral tributes and newspaper announcements

Third party costs estimated for a cremation at Hollinwood Crematorium, Doctors fees for completing cremation paperwork and Celebrant/Minister fees. Correct as of April 2023

A Golden Charter Funeral Plan includes an allowance towards the third-party costs as indicated by us. These are the costs for essential, non-funeral director services required to carry out a cremation which need to be paid at the time of the funeral. The value of the allowance included in your plan may grow over time, there will only be more to pay at the time of the funeral if the third-party costs exceed the allowance when you buy your plan, or if the costs increase by more than the growth of your plan.

For an estimate for a burial please contact us and we can advise you of the current costs set by the council.
